

Sr. Business Operations Analyst (10-013)

Azur Pharma, Inc., a dynamic, growing, privately-held specialty pharmaceutical company with commercial franchises in psychiatry, women's health and orphan drugs, is currently seeking candidates to fill a Senior Analyst role, to support a growing Business Operations group.

The purpose of this position is to provide analytical support to the Sales Operations and Business Administration areas. Specific responsibilities including assembling and publishing monthly and weekly dashboards, coordinating data investigations and field inquiries, researching and monitoring customer demographic field changes, assisting in ad-hoc analytical requests, incentive compensation processing, and addressing questions escalated from SFA helpdesk.

To be considered for this position, the well qualified candidate will have a Bachelor's degree in Business, Science or other related field, demonstrated analytical skills and a minimum of four years of analytical work experience using spreadsheet (MS Excel) and relational database (MS Access, SQL, SAS etc) applications. Prior work experience with pharmaceutical sales data and knowledge of the pharmaceutical selling environment is strongly preferred. Knowledge of the pharmaceutical sample accountability process (PDMA) and experience with sales force automation tools would also be a strong plus. A rapid learning curve, solid work ethic, and attention to detail are a must

This position offers a competitive salary and access to the Company benefit package including medical, dental, life/disability, and 401(k), as well the opportunities that accompany working with an entrepreneurial Pharmaceutical company.

To be considered for this position, the well qualified candidate should send a resumes and salary requirements, with the location preference and job number, to:

Azur Pharma, Inc. / Human Resources
1818 Market Street, Suite 2350
Philadelphia, PA 19103
e-mail: jobs@azurpharma.com, Fax: 443 487-9252

Azur Pharma is an Equal Opportunity Employer.
